**LARGE BULKY NON METAL COLLECTION** – Large item collection occurs on the resident’s last garbage day of the month. If you are a Tuesday pick up your Large item collection is the last Tuesday of the month, likewise for Friday pick up. Large items consist of those (non-metal) items that are too large to fit in the poly-cart such as: furniture, mattresses, carpet rolled and tied in 4’ lengths and not exceeding 50lbs. Large items cannot be placed on the terrace prior to 24 hours of pick up. This is against Village Ordinance and is subject to a citation, see ordinance listed below. ## **Automated Garbage General Rules**

Weekly collection days in the Village of Kimberly are on Tuesdays, from residents who live north of the railroad tracks and on Fridays from residents who live south of the railroad tracks.

\*By Ordinance, (Automated Garbage Collection, Village Ordinance 418-6), any items set out for collection must be placed curbside **by 6:00 AM** on the day of collection or the night before, but not before 5:00 PM. This includes; poly-carts, metal items, and large item collection. Items **CAN NOT** be set out days or weeks in advance of the regularly scheduled collection date. A citation will be issued. These ordinances are established to keep the community clean, safe, and healthy. All poly-carts must be removed 24 hours after collection. Non compliance of the Village Ordinance 418-6 can result in a fine of \$75.25 for the first offense.

We recommend that you set your poly-cart on a **flat surface**; it must be at ground level, near the edge of the curb or at the end of your driveway apron. Make sure the arrows on the polycart lid are facing the road. Containers **MUST** be placed 4 feet from any other object. This includes: recycling, large item pickup, mailboxes, trees, snow piles, parked cars and other poly-carts. If the driver cannot reach the poly-cart, the container cannot be emptied. If the container cannot be emptied on your scheduled collection day, it **WILL NOT** be emptied that week.

All solid garbage must fit into the poly-cart **without packing it too tightly**. **Poly-cart covers are required to be partially closed or completely closed.** This will help facilitate dumping as well as keep the debris inside the container until dumped. Any poly-cart which has the cover completely open will not get emptied that week.

**The Village of Kimberly does not provide overflow garbage collection.** The automated system which uses a poly-cart is designed to collect the average refuse from a residential unit. Residential units having weekly overflow or overflow from garage sales, large gatherings, house cleaning, moving in or out, etc. which is more than the average norm are responsible for disposing of their overflow. This can be done by spreading your overflow garbage over a couple of weeks’ collection, asking a neighbor if they have room in their poly-cart, or by hauling the overflow garbage to the landfill. Property owners of rental properties will ultimately be held responsible. It is the responsibility of the landlords to keep their tenants aware of the Village ordinances and requirements.

## **Other Information**

**SUMP PUMP DISCHARGE** – Any sump pump discharge, which is not hooked into a mini storm and discharges on your lawn, **MUST** discharge six feet from your property line.

**WINTER PARKING** – There will be no overnight parking in the street from December 1st through April 1st from 2:00 AM - 6:00 AM.
