President's POINT OF VIEW

Remembering and looking ahead...

It is with both a heavy heart and a deep appreciation that we remember a great member of our Kimberly community. After many years of dedicated service to the village, Dick Vanden Boogaard entered into eternal life way too soon in October. Dick led the street department with focus, resolve and commitment for which we benefitted greatly. The pride Dick carried for his hometown was inspirational, and the unselfish giving of his time and talent was far reaching. While this article consistently ends with touting Kimberly as a great place to live, learn, work and play; it is in the spirit of community members like Dick that make it so. Whether tending to his duties in providing the customer needs, to sharing a history lesson from his early childhood, Dick was red and white Kimberly all the way. From his deep involvement in Holy Name, to his leadership in the Autism walk, and his orchestration of one impressive centennial parade, Dick was a loving, caring and thoughtful man. He will be missed, but we are grateful for all he has contributed to our great community.

Looking ahead, we are pleased to announce planned unveiling of the master redevelopment of the Mill site. After a lengthy process of compiling the feedback garnered in several listening workshops, working through legal wrangling, and engaging a skilled development firm, the Village, in concert with AIM Development and Stadmueller and Associates will host this reveal on Thursday, November 14th and again Thursday, January 16th at Mapleview School beginning at 6:00 PM. We are excited to be able to share the vision of the future of the north end of our community. Hope you can join us!

The Board recently approved the 2014 budget with very little increase in spending. We are grateful to the department leaders for their creative and cost minded planning. Providing the services you deserve continues to be a challenge as state funds (the money YOU and I send to the state) returned to local units of government shrink annually, but these dedicated leaders met the reality and delivered in a manner which finds the balance that is needed. I am hopeful you agree and appreciate the good work being done on your behalf.

This "work" was clearly on display when we faced the wrath of Mother Nature with the winds back in August. The volume of work done at a time of unprecedented destruction was simply remarkable. From Dave Vander Velden's early early trek to his office to assemble the team of dedicated and determined street crew members to Chief Van Thiel and the team of volunteer firefighters working in harmony with the street and police departments to safeguard the tree and power line riddled streets, the work was above and beyond the call of duty. Add the work of the Parks Department led by Al Schaefer and the Police Department, under the direction of Chief Misselt, directed traffic, travelled by foot and bike to listen, lend a hand to provide calm; the effort was impressive. Administrator Hammatt worked behind the scenes helping gain support of manpower and equipment through his contacts and working alongside Glen Brouillard and the Municipal Complex staff to clear the destruction, answer questions, and simply "be there." The efforts of so many eased the burden and allowed for an orderly return to neat and tidy—my thanks to all of our village team members for a job extremely well done; I remain in awe at the work ethic, the pride in workmanship, the sincerity of concern, and the diligence in action at a time of great need. That, my friends and neighbors defines "customer service" and getting what you pay for and MORE on your tax bill for municipal services!

As the holiday season comes upon us I am hopeful you will have quality time with loved ones, remember those who have touched our lives, and celebrate all that we have. As the snow flies, we pledge to keep your roads safe and ask that you tend to your sidewalks to keep us all safe and help Kimberly remain a great place to live, learn, work and play.

God Bless you all,
Chuck Kuen

STREET DEPARTMENT

WINTER DRIVING REMINDERS

WINTER DRIVING

- Remember to slow down and drive with extra caution during the winter season. Allow more time for your trips to school, work, and shopping.
- The Village will maintain the street pavement as best they can, this does not mean the pavement will be completely free of snow and ice.
- There will always be situations where snow and/or ice build-up will occur on our streets especially early in the morning or later in the evening when the sun sets, causing pavement temperatures to drop below freezing.
- Allow extra room when following other vehicles, approach intersections with extra caution and assume your vehicle will not stop as it does on dry pavement.
- Remain at least 200 ft behind snow plows and spreaders.

SNOW REMOVAL

- Village ordinance 430-10 states that it is unlawful to shovel, blow, or plow snow unto or across Village streets, sidewalks or alleys. Citations will be issued to habitual offenders.
- Salt barrels placed at specific intersections are to be used for emergency use only. These salt barrels are not provided for the use of residents for their own application. Salt for sidewalks and driveways should be purchased at local retail outlets.
- Corner lot owners are asked to keep a path open to the crosswalks, the Village crew will clear the remainder of snow as time permits.
- Anyone with a fire hydrant near his or her property is asked to help keep the snow cleared from around it. This will allow for quicker response time if ever the fire department needs to access the hydrant.
- Snow must be cleared from the sidewalks within 24 hours after each snowfall. If ice builds up, it must be removed or treated with a melting agent. It is Village policy to address unshoveled sidewalks only when a complaint has been filed. Village officials do not go out looking for sidewalks that need shoveling.
- The Village will try to plow snow curb-to-curb when weather permits. The more accumulation of snow that occurs, the less chance of plowing snow curb-to-curb. It is the responsibility of the homeowner to maintain access to their mailbox for the delivery of mail.

2014 PROPOSED PROJECTS

SANITARY SEWER REHABILITATION

- Replace private laterals from previous relay projects that were only stubbed to the R/W to include:
 West side of North John Street from West Kimberly Avenue to Charles Street
 East side of North James Street from West Kimberly Avenue to West Maes Avenue
 Westside of South Pine Street from East Third Street to East Second Street
 Eastside of South Walnut Street from East Third Street to East Second Street

STREET PROJECT

South Maple Street from E. Kimberly Avenue to railroad tracks (to include mini storm sewer)

WARNING NOTICE

Per Village ordinance 430-10, it is unlawful to deposit snow or ice (from shoveling, snow blowing, or plowing) onto Village streets, alleys or sidewalks. Depositing snow onto Village right of way not only causes added expense for snow removal it also creates hazardous conditions while driving on our street or walking on our sidewalks.

As the holiday season approaches, we find ourselves counting our blessings. Our focus turns to family, to celebrations, to being thankful for what 2013 has brought into our lives. And at the library, it's no different. We are thankful for the support of the community we serve, for patrons who bring smiles to our faces each day, and for the opportunity to help people learn, grow, and embrace lifelong learning and the love of reading.

We are grateful to have received a beautiful testimonial of why one family loves the library. Here is what they said:

"Our family loves the Kimberly-Little Chute Library for many reasons, which is why we visit one branch or the other nearly every week! Both of my children LOVE to read. My 9 year old in particular is a strong, prolific, and fast reader. I would never be able to provide her with enough reading material without such a well-stocked local library that is tied into a larger interlibrary lending system. We love coming to the kids' programs, especially the ones connected to the summer reading program. This summer, my 6 year old would check our calendar every day to see how many days until the next program!

Not that we only go for the kids! My husband and I appreciate being able to check out both fiction and nonfiction books for ourselves. I love the convenience of being able to put items on hold on-line – it's a rare week when I'm not picking up at least one thing from the hold shelf! In fact, it's happened that some of the wonderful staff will see me ready to check out books and automatically go and see if I have items waiting for me on the hold shelf! Across the board, the library staff is helpful, friendly, polite and extremely welcoming. We particularly love Ms. Ann, the Library-ANN! Between the wonderful staff, the community programs, and the rich and varied resources, we truly treasure our Kimberly-Little Chute local library!"

VILLAGE OF KIMBERLY – PRIVATE SNOW REMOVAL

NO NOTICE GIVEN

According to Chapter 430-10 snow and ice removal (revised and adopted January 23, 2012), of the Village of Kimberly Code of Ordinances: "The owner, occupant or person in charge of any parcel or lot which fronts upon or abuts any sidewalk shall keep said sidewalk clear of all snow and ice. In the event of snow accumulating on said sidewalk due to natural means and/or by any other means, said sidewalks shall be cleared of all accumulated snow and/or ice within twenty-four (24) hours from the time the snow ceases to accumulate on said sidewalk.

Sidewalks are to be kept clear of snow and ice to a minimum of five (5) feet in width. In the event that ice has formed on any sidewalk in such a manner that it cannot be removed, the owner, occupant or person in charge of the parcel or lot which fronts upon or adjoins said sidewalk shall keep the sidewalk sprinkled with material to accelerate melting or prevent slipping. No written or verbal notice will be given to violators – it is the responsibility of the owner of such parcel or lot which fronts upon or abuts any sidewalk to maintain the sidewalk area throughout the snow season. Any snow not cleared by the owner, occupant or person in charge of any parcel or lot which fronts upon or abuts any sidewalk shall be cleared by the Village and billed to the owner, lessee, or occupant.

We value the history of our relationship with The Village of Kimberly and are proud to be a part of the growth of your Community!

COFFEE CAN SURVIVAL KIT FOR WINTER DRIVING

You easily can equip your vehicle with essential survival gear for winter. Here's what you'll need:

- A 2 or 3 pound metal coffee can (punch 3 holes at the top of can, equal distance apart). You'll be storing the other items inside the can.
- 60-inch length of twine or heavy string (cut into 3 equal pieces - used to suspend can).
- 3 large safety pins (tie string to safety pins and pin to car roof interior to suspend can over candle).
- 1 candle 2" diameter (place on lid under suspended can for melting snow).
- 1 pocket knife, reasonably sharp (or substitute with scissors).
- 3 pieces of bright cloth 2" wide x 36" long (tie to antenna or door handle).
- Several packets of soup, hot chocolate, tea, bouillon cubes, etc. (mixed into melted snow to provide warmth and nutrition).
- Plastic spoon.
- 1 small package of peanuts and/or a couple protein/energy bars, some dried fruit (such as dried cranberries, which come in nicely sealed snack packs), and even a little chocolate, to provide you with some energy or comfort in stressful times.
- 1 pair of socks and 1 pair of gloves or glove liners, depending on what will fit in the can (cotton is not recommended because it provides no insulation when wet).
- 2 packages of book matches.
- 1 sun shield blanket or 2 large green or black plastic leaf bags (to reflect body heat).
- 1 pen light and batteries (keep separate).

When complete, place stocking cap over kit and carry in passenger compartment of car. If you have a 3 pound can, you will still have additional room for band-aids, aspirin, small radio, etc. If there is still room left, increase the quantity of any of the above items or improvise items you feel might be necessary.

Other items you may want to keep in the vehicle:

- A charged cell phone.
- Large plastic garbage bag.
- Pencil stub and paper.
- Plastic whistle.

You may want to keep the survival kit in the passenger compartment in case you go into a ditch and can't get to or open the trunk.

UNSOLVED CRIMES

Fox Valley Metro Police Department is seeking public assistance in resolving unsolved crimes. SMOKE DETECTOR / CARBON MONOXIDE DETECTOR MAINTENANCE

As the heating season nears, folks will be making their homes energy efficient to help lower heating costs. When we close up our homes, we increase the chance of elevated carbon monoxide levels. **Now** is the time to replace batteries in smoke detectors and carbon monoxide detectors. It is recommended that smoke alarms and carbon monoxide detectors be replaced every 5 – 10 years.

PREVENT KITCHEN FIRES

You can do a lot to prevent kitchen fires. Although you can't remove every possible source of a kitchen fire, you can minimize fire risks by removing hazards and maintaining your kitchen. Follow these prevention tips to keep your kitchen safe:

- **Keep appliances serviced, clean, and in good repair.**
- **Unplug electric appliances when not in use.** Toaster ovens, mixers, coffee makers, etc.
- **Use caution when lighting the pilot light or burner on a gas stove.** Follow the manufacturer's instructions
- **Don't use metal in the microwave.** The sparks can turn into fire or can seriously damage your microwave.
- **Don't overfill pots or pans with oil or grease.** The hot oil or grease can splatter and cause a fire.
- **Always roll up long sleeves and tie back long hair when cooking.**
- **Never leave cooking food unattended.** Stay in the kitchen, or turn off the burner or oven if you need to leave the house or get caught up in a phone call.
- **Keep dish towels, pot holders, and paper towels away from the stove.**

Village of Kimberly Collection Policies

BRUSH EVERY THURSDAY – Brush is generally picked up every Thursday between April and November, weather and time permitting. All brush must be 12” or longer, piled neatly on the terrace and all in one direction, no root balls. Residents needing a brush pick-up must call the Street Department at 788-7507 by 4:00 PM Wednesday, for pick-up on Thursday.

METAL ITEMS EVERY FRIDAY – An appliance pick up sticker is required. They can be purchased at the Street Department or Clerk’s office and applied to the item for pick up. Per Village ordinance, appliances set out for disposal without a sticker are in violation of municipal ordinance and are subject to a fine.

Appliances that have refrigeration coils (Freon) in them such as: refrigerators, freezers, air conditioners and dehumidifiers - cost is \$15.00. All other appliances and metal items such as: washers/dryers, stoves, water heaters, microwaves, and miscellaneous metal items - cost is \$10.00.

LARGE BULKY NON METAL COLLECTION – Large item collection occurs on the resident’s last garbage day of the month, If you are a Tuesday pick up your large item collection is the last Tuesday of the month, likewise for Friday pick up. Large items consist of those (non-metal) items that are too large to fit in the poly-cart such as: furniture, mattresses, carpet rolled and tied in 4’ lengths and not exceeding 50 lbs. Large items cannot be placed on the terrace for a long period of time. This is against Village of Kimberly ordinance and is subject to a citation. The Village of Kimberly **does not** pick up Building and/or landscape materials, including wooden fence, railroad ties, wood chips, decorative rock, concrete, dirt, windows, siding, roofing, and plaster.

YARD WASTE – Consists of lawn rakings, shrub trimmings (not to exceed 12”), weeds, lawn edgings and garden debris. Yard waste will be picked up the third Friday of every month, from May thru September. This material must be placed in a **BROWN BIODEGRADABLE PAPER BAG** and a special sticker must be attached to each bag. Stickers are available for \$1.00 at the Street Department office and the Clerk’s office. Residents needing a yard waste pick-up must call the Street Department at 788-7507 and be placed on a list. All yard waste must be set out on the terrace by 7:00 AM.

During a two week period in the Spring (April) and a one week period in the fall (October), the Village will provide for the pick-up of all yard waste at no cost. This will occur on your normal garbage day. See calendar on the reverse side.

GRASS CLIPPINGS WILL NOT BE COLLECTED AT ANY TIME

LEAVES – Leaves will be collected according to existing policy during the seasonal time frame. Generally that starts around October 1st and continues until the third week in November, weather permitting. All leaves must be free of plastic, paper, cardboard, gravel, brush, and dirt. All leaves must be raked onto the terrace for collection. **DO NOT rake leaves into the street.**

TIRES – A free tire pick up will occur in April and September. Tires will be picked up the same day as your regular garbage collection. At no other time will tires be collected. There is a limit of 4 tires per household, rims are acceptable, but tires cannot be larger than 16” passenger vehicle tires.

WASTE OIL – Waste oil drop off site is located behind the Street Department Building. To enter site use the driveway on N. James Street.

TELEVISIONS & ELECTRONICS – Wisconsin’s New E-waste Law effective 9/1/2010 prohibits the disposal of various devices such as: televisions, computer monitors (both CRT and flat screens), desktop and laptop computers, printers, fax machines, speakers, VCRs, DVD players and digital video recorders, cell phones and phones with video displays. Disposal information can be found by visiting the Outagamie County website www.RecycleMoreOutagamie.org **THE VILLAGE WILL NOT PICK UP THESE ITEMS.**

Recycling

Place all recycling in the green recycling cart provided. There is no need to separate paper from the glass, aluminum, plastic or tin. Follow the same poly-cart placement information as listed in the Automated Garbage General Rules. For more information about recycling and other County programs, please visit their website at www.RecycleMoreOutagamie.org.

RECYCLING IS GOOD, IT WORKS AND IT IS A LAW

Automated Garbage General Rules

Weekly collection days in the Village of Kimberly are on Tuesdays, from residents who live north of the railroad tracks and on Fridays from residents who live south of the railroad tracks.

By Ordinance, (Automated Garbage Collection, Village Ordinance 418-6), any items set out for collection must be placed curbside **by 6:00 AM** on the day of collection or the night before, but not before 5:00 PM. This includes; poly-carts, metal items, and large item collection. Items **CAN NOT** be set out days or weeks in advance of the regularly scheduled collection date. A citation will be issued. These ordinances are established to keep the community clean, safe, and healthy. All poly-carts must be removed 24 hours after collection. Non compliance of the Village Ordinance 418-6 can result in a fine of \$75.25 for the first offense.

We recommend that you set your poly-cart on a **flat surface**; it must be at ground level, near the edge of the curb or at the end of your driveway apron. Make sure the arrows on the polycart lid are facing the road. Containers **MUST** be placed 4 feet from any other object. This includes: recycling, large item pickup, mailboxes, trees, snow piles, parked cars and other poly-carts. If the driver cannot reach the poly-cart, the container cannot be emptied. If the container cannot be emptied on your scheduled collection day, it **WILL NOT** be emptied that week.

All solid garbage must fit into the poly-cart **without packing it too tightly**. Poly-cart covers are required to be **partially closed or completely closed**. This will help facilitate dumping as well as keep the debris inside the container until dumped. Any poly-cart which has the cover completely open will not get emptied that week.

The Village of Kimberly does not provide overflow garbage collection. The automated system which uses a poly-cart is designed to collect the average refuse from a residential unit. Residential units having weekly overflow or overflow from garage sales, large gatherings, house cleaning, moving in or out, etc. which is more than the average norm are responsible for disposing of their overflow. This can be done by spreading your overflow garbage over a couple of weeks’ collection, asking a neighbor if they have room in their poly-cart, or by hauling the overflow garbage to the landfill. In the case of rental properties, the property owner will ultimately be held responsible. It is the responsibility of the landlords to keep their tenants aware of the Village ordinances and requirements.

Other Information

SUMP PUMP DISCHARGE – Any sump pump discharge, which is not hooked into a mini storm and discharges on your lawn, **MUST** discharge six feet from your property line.

WINTER PARKING – There will be no overnight parking in the street from December 1st through April 1st from 2:00 AM - 6:00 AM.
