

Notice: All Non-Essential Village Meetings, Services and Locations

CLOSED

Response to COVID-19:

The Village of Kimberly is committed to providing a safe and healthy environment for all residents who enter our doors. As the nation's response to COVID-19 virus continues to change and evolve the Village remains steadfast in communicating with residents.

In the interest of promoting safe public health practices and with the recommendations from the CDC, Wisconsin DHS and the Outagamie County Health & Human Services; the Village of Kimberly is taking action to prevent the spread of COVID-19 and maintain a health community.

Beginning Monday, March 16, 2020:

- Kimberly-Little Chute Library locations will be closed until further notice.
- Kimberly Municipal Complex Civic Wing will be closed until further notice.
- Kimberly Senior Center will be closed until further notice.

As of now, the following remain open:

- Kimberly Municipal Center Clerk-Treasurer Office and Council Chamber remains open – no change to normal business hours.
- Kimberly Street Department remains open – no change to normal business hours.

Who to Contact:

Village Administrator – Danielle Block 920-788-7500 or at dblock@vokimberly.org

Please Consider Virtual Village Services

The Village is asking people to consider whether they actually need to physically visit Village facilities in order to accomplish their business.

There are several alternative methods to virtually connect with the Village of Kimberly departments that will enable business to get accomplished in a timely manner, while helping to prevent the spread of the COVID-19 virus. First, go to Village of Kimberly's website (www.vokimberly.org). If you are unable to find what you are looking for on the website, please call the Village of Kimberly (920-788-7500) as they may be able to assist you either over the phone or by email.

The Village of Kimberly reminds everyone that if you are coughing or sick, or otherwise exhibiting symptoms, please remain home and do not come to Village facilities. In addition, we encourage the practice of social distancing. That means avoiding 'close contact' with people who are sick – 'close contact' means coming within 6 feet of an individual. State and local officials will guide our decisions about the implementation of additional community measures based on CDC and Wisconsin DHS guidance, as well as the scope of the outbreak.
