Geocache Description:

Sunset Park is an urban jewel located on the Fox River in Kimberly. The land was donated to the village over 100 years ago by Kimberly-Clark. The park has woods, a pond, trails, river frontage and boat and kayak launches as well as a sand beach swimming pool and several soccer fields and softball and baseball diamonds.

Several memorial plaques/stones are placed in the open area just north of the overlook platform where this cache starts.

Kimberly's annual Fireman's Fourth of July Fireworks, Paperfest celebrations and summer amphitheater performances bring thousands of people to the park each year.
